

# Take Control of your energy costs

Our net metering turnkey service will steer you through all the necessary steps, from residential survey and installation and pricing to submitting the EAC Solar P/V application and inspection.

A Net metering P/V Solar installation is agreed upon between consumers and The Electricity Authority of Cyprus ("EAC") for the purposes of household electricity generation.

- ✓ EAC Grants Available
- ✓ Hassle-Free Process & Installation
- ✓ Excellent Savings on Bills

**2 DAY  
INSTALLATION**
